

## Traffic Signal Construction & Maintenance Technicians

### Denver Metro and Colorado Statewide Locations

Sturgeon Electric Company Inc. is seeking qualified Journeyman Traffic Signal Technicians (IMSA level 2+, CDL, with 3+ years of documented experience) for employment in Traffic Signal, Highway Lighting, and ITS construction projects in the Denver metro & Colorado Statewide area. Denver has a comfortable dry climate with over 300 days of sunshine per year.

**Journeyman wage scale is \$38.97 per hour on the paycheck plus employer paid fringe benefits of \$14.76**, to include family medical, dental, optical, health coverage, 15% of gross wage compensation into pension and annuity plans.

Apprenticeship opportunities are available on-line through MSLCAT.org. **Apprentice wages start at \$27.28 per hour plus \$12.69 employer paid fringe benefits.** The apprenticeship program is structured to include classroom education, on the job training, IMSA certifications, CDL driver license, ASTM Crane Certification, and scheduled pay raises at 6 month intervals to Journeyman Traffic Signal Technician status over a 3 year period.
